BARTLEY INDUSTRIES^{INC.}

Bartley Industries, Inc.: Established in 1978, Bartley Electric has become the premier full service electrical contractor to hundreds of Oilfield Companies in Oklahoma. Our main focus is Oilfield construction and maintenance, power line construction, water treatment plant maintenance, asphalt plant maintenance and motor control. ISN NAICS 238210 | NAIC 13935 | 1731 9903

United Energy Technologies: Bartley Industries acquired United Energy Technologies "UET" in 2016. UET is a licensed distributor for the patented USES® Universal Shunt Efficiency System. Thousands of companies save hundreds of thousands of dollars every year with USES' patented magnetic choke technology.

Cedar Lane Fence & More

Oklahoma's #1 Fence Company
Fence Construction, Installation, and Repairs

Cedar Lane Fence & More Introduction

We are the OKC metro area's best residential and commercial fence contractor. With over 10 years of experience in the fencing business, we provide the best looking fences in the OKC metro area. If you need a new wood, chainlink, ornamental, Azek fence, or gate at an affordable price, look no further!

If you need a fence, gate, or pergola that will last you a lifetime, check out our Azek products on our website at cedarlanefence.com/azek-products. Azek is a PVC composite type material that will NOT rust, rot, splinter, fade, mildew, or wear down and comes backed with a limited lifetime warranty. We are the only distributors of Azek in the central United States.

FRED, LLC

The Future of Delivery Today

FRED, LLC Introduction

FRED LLC designs and manufactures a locking delivery box that offers convenient and secure storage of all delivered products. Our patent pending technology prevents deliveries from being stolen, damaged, or lost. With one in four Americans falling victim to stolen packages in 2019, “porch pirates” are a growing problem throughout the country. Order your FRED Delivery Box directly from our website and insure you won’t be one of the 11 million homeowners from 2019 who lost a valuable delivery. FRED provides security and peace of mind for home and business owners around the country.

FRED stands for Frozen, Refrigerated, Electronic, and Dry goods. We designed a delivery box that protects ALL of these deliveries and more. With an insulated interior made with anti-bacterial FRP, all of your food, groceries, and medical deliveries will remain fresh, secure, and protected from all of the elements including heat and cold. Secure your oversized packages with the detachable anti-theft stainless steel mesh bag that anchors inside FRED. For residents of the OKC metro area, we offer delivery and installation services where we will personally install your FRED ourselves. Visit our website and secure your deliveries TODAY!
